

DUANE NEWBERRY
“Always Putting My Clients First”

Duane has always been interested in helping people. What better way to do this than to help a family’s dream of home ownership come true? It is this desire that led to him to a career in real estate, obtaining his license in 2004. In 2008 he joined Elite Realty Group in Antioch.

His commitment and attention to detail allows him to navigate through the sometimes complex real estate procedure on behalf of his clients, so the process is upfront and honest with no surprises. He works very hard to negotiate the very best circumstances possible.

“People don’t want to be sold - they want to be informed and helped” said Duane. “My oath to clients is that I will give them my all. I will go above and beyond when it comes to representing a buyer in the purchase of a home and when representing sellers, I will work hard to get their home sold in their favor. I earn my client’s trust to the point where they refer family and friends to me. I will always make myself available for questions or any concerns they may have.”

To strengthen his commitment to clients, Duane is QSC certified. This professional designation requires a REALTOR® to follow a well defined and prescribed process of service; to present that process in writing to every client; and to guarantee its delivery, resulting in a higher standard of accountability in service delivery and customer satisfaction.

Personal values of integrity, personal and professional ethics make him well suited to represent his clients in a market that is constantly changing.

As a Featured Speaker at Freedom Unlimited, a real estate learning and mentor center dedicated to educating people in all things having to do with property ownership, he regularly conducts a workshop entitled “First Time Homebuyer” – yet another commitment in his desire to lend a hand.

Duane also volunteers his time for many public activities and is an active participant in the Children's Miracle Network program, donating a portion of his commission to directly benefit the Oakland Children's Hospital.
