

**JACQUE SABELLA**  
“Service With A Smile”

Jacquie’s interest in real estate began when she worked for a real estate attorney who was a REALTOR® himself. Since she also enjoyed viewing new home developments and open houses on the weekends, she decided real estate would be the perfect job and obtained her license in 2004. She has recently joined Elite Realty Group in Antioch.

Her philosophy of treating people as she would like to be treated has served her well. She values the opportunity to help people with probably the largest investment in their lives, and takes great care to guide them through the process every step of the way.

“I not only just help my clients find or sell a home, but consult with them throughout” says Jacquie, “making them feel unique and treating them like family, but in a professional manner. I will do whatever it takes to make their home buying or selling experience an enjoyable one and look out for their best interests. I make myself available to my clients 7 days a week”.

Jacquie’s reputation for being thorough and a diligent advocate has resulted in continuous referrals from her past clients.

She has earned numerous awards, among them Rookie of the Year/2004 with RE/MAX, where she began her career. Other awards include RE/MAX 100% Club for 2005 and 2006.

Jacquie has earned her designation as a QSC certified REALTOR® and has the distinction of achieving Platinum Service Recognition; the highest level of service achievement in the real estate industry. This award recognizes 100% client service satisfaction as measured by an independent research company. QSC status is the only award in the industry based on independently validated, measurable service results.

In addition to her role as a REALTOR®, she is also a Featured Speaker at Freedom Unlimited, a real estate learning and mentor center dedicated to educating people in all things having to do

with property ownership. Presently, she conducts a workshop entitled “Foreclosure Madness” revealing the step by step process of how to increase cash flow by making money buying short sales, bank owned and auction homes.
